#### **Additional Guidelines:**

- Each template PDF can be opened in Illustrator or Photoshop, depending on the way you wish to prepare your print file.
- Please supply artwork at *Full Size*.
- Vector documents - EPS files or PDF. Exclusively, Raster/Bitmap documents should be JPEG or TIFF files (larger) saved at 100 dpi and inserted in our template

#### **Note:**

*Colors, including Pantones, will be matched as closely as possible. We do not offer full color matching.*

*We work with our customers to provide the best possible outcome.*

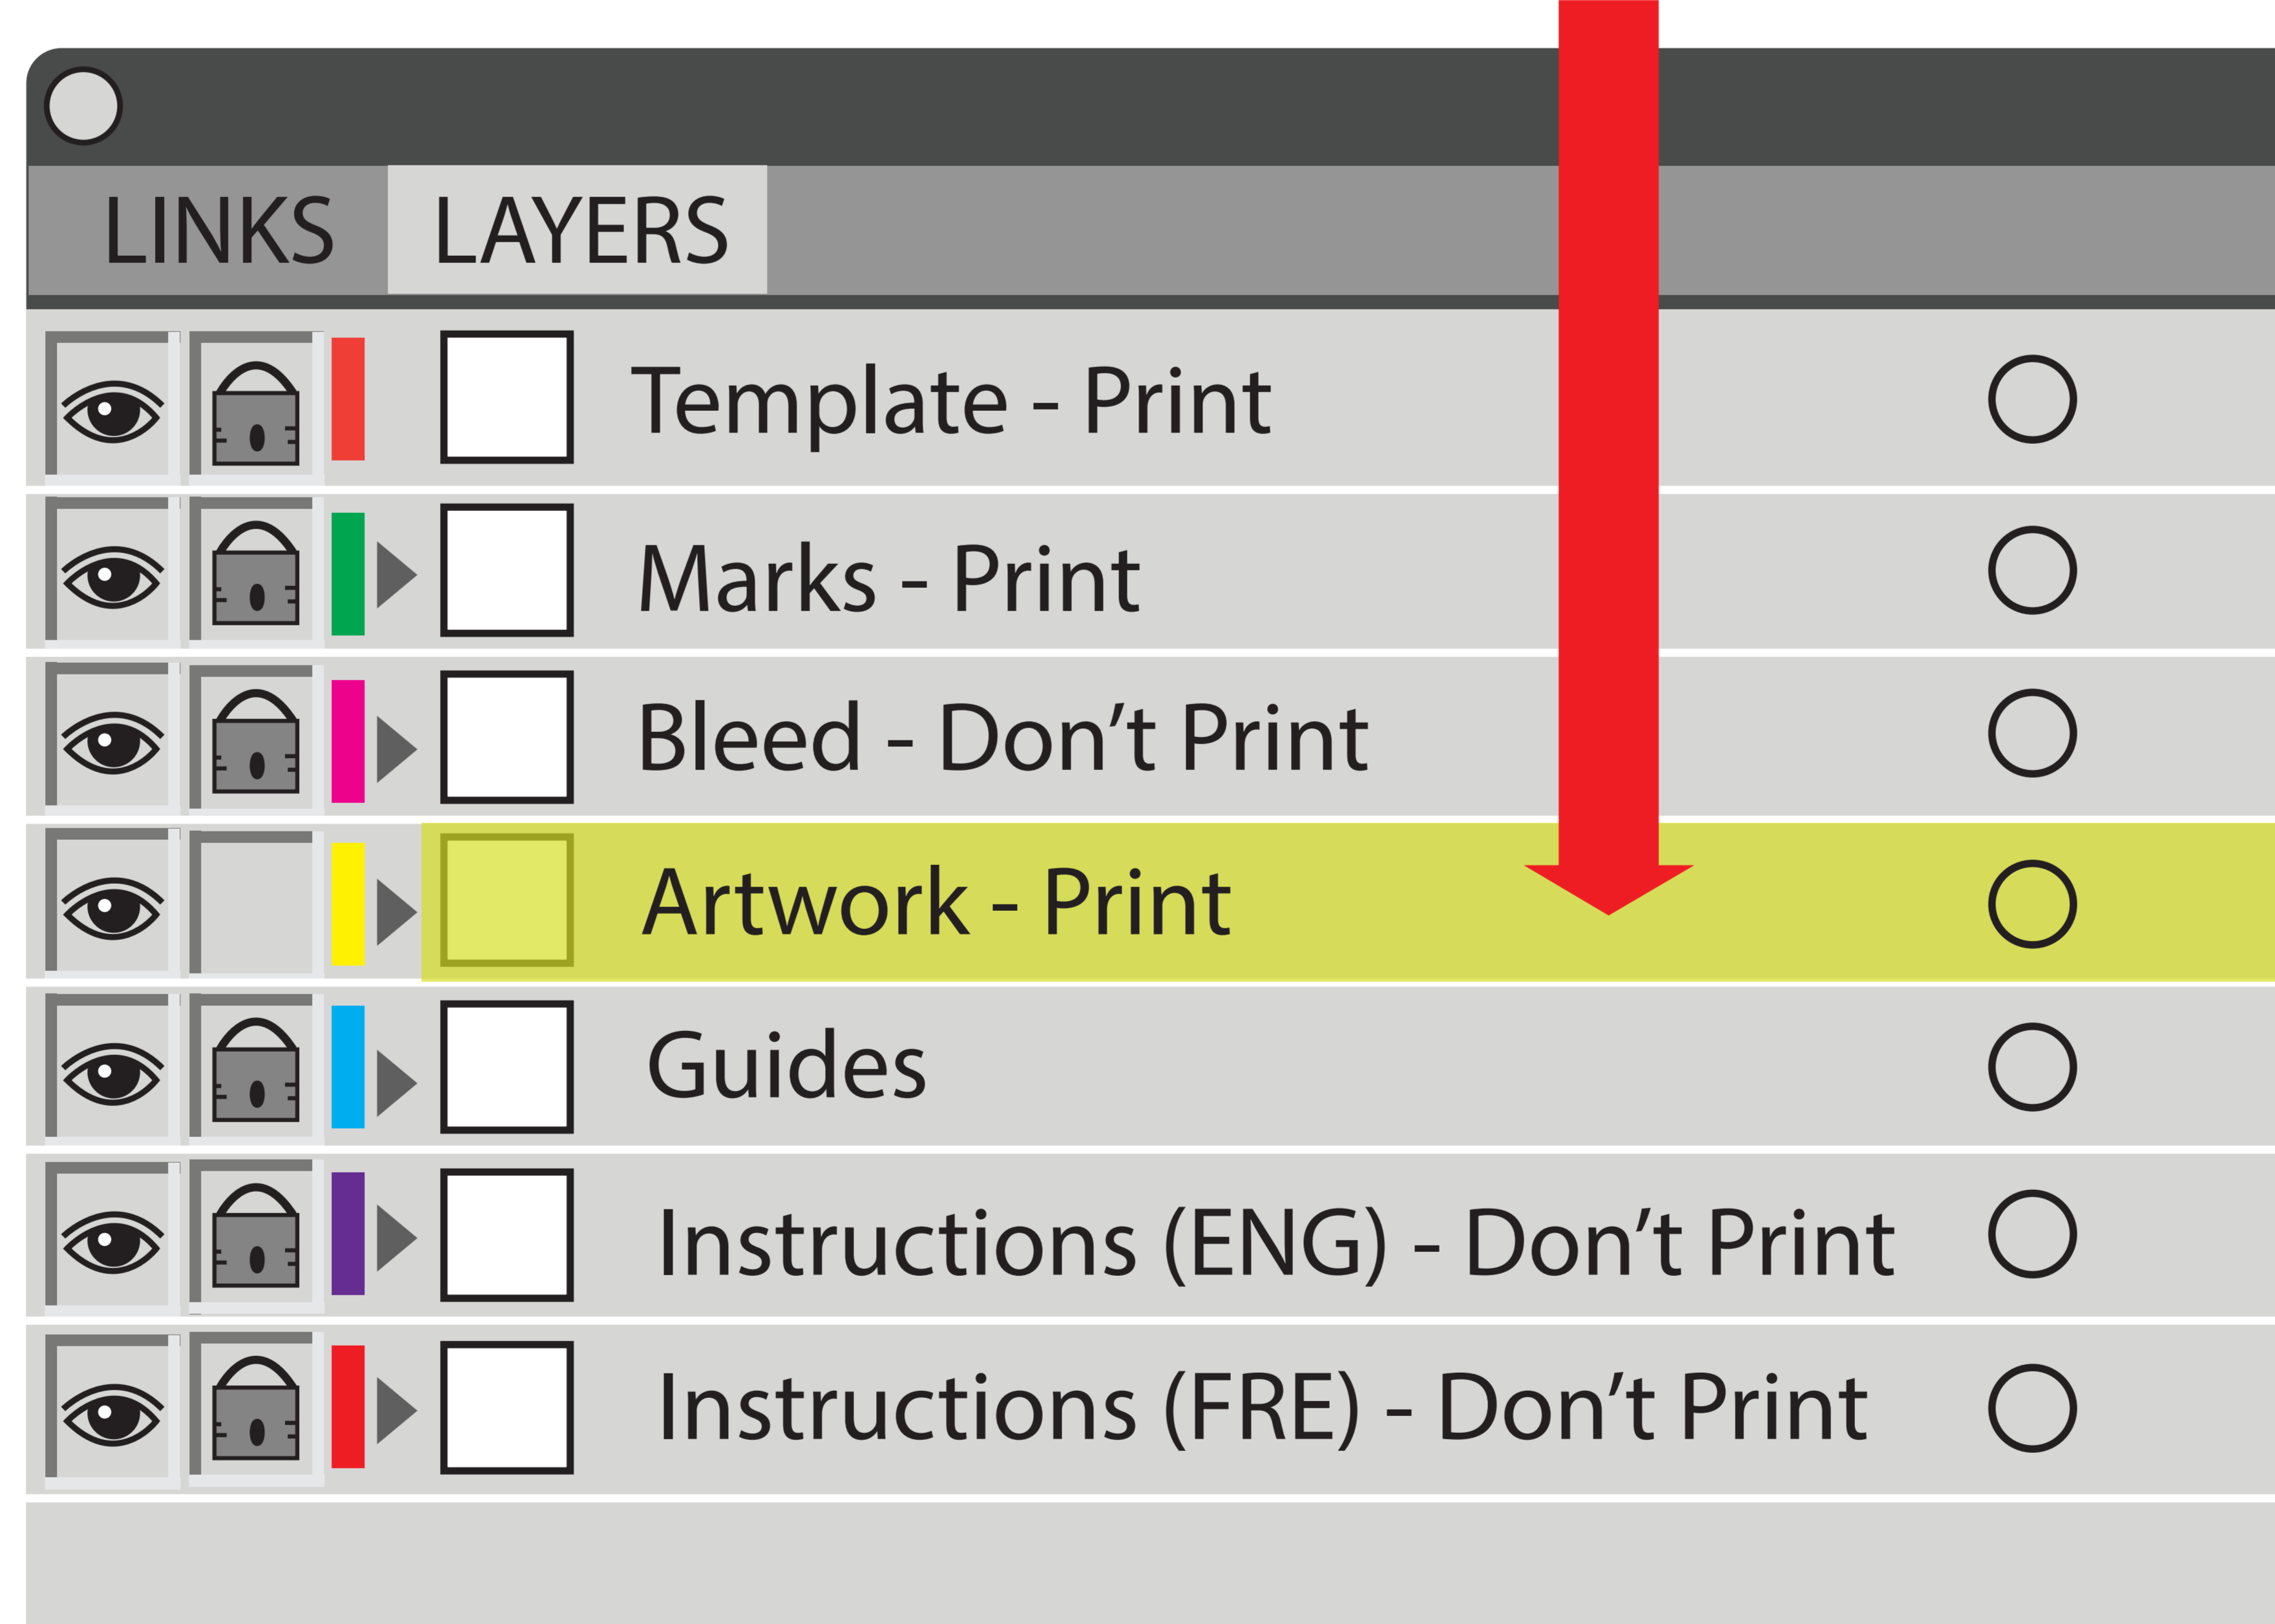

*10" x 20" test strips are available for 20(g) plus freight*

#### TEMPLATE NOTES

The red dashed line indicates the trim. The 0.25" extra around is the bleed area and accounts for elements at the edge (please extend this amount).

Keep all text and important graphic elements within the purple line (Safe area).
